

INTERNATIONAL OFFICER

◀◀◀ Brianna Thorp & Amira Mutiara ▶▶▶▶

Hey! We're Brianna Thorp and Amira Mutiara, two level 5 Graphic Design students.

As international students ourselves we're passionate about being able to create more opportunities for fellow international students, and ensuring that you have a great time attending the university! We understand what it's like to come to a different country away from friends and family, and how important it is to meet people, create connections, and with everything going on in the world ensuring there is a strong community among students (both international and home) is extremely valuable.

With the pandemic hitting, it's been hard to socialise like we might have in the past, and for some, going home over shorter holidays isn't possible. We know what it's like to be away from our home during such uncertain times, and as we move away from harsh lockdowns, and restrictions now is the time to come together as a community, both as home and international students.

No one deserves to feel alone, we're both always here to lend an ear or hand should you ever need anything or have ideas. Should we be elected as International Officers, we would strive to create a platform and community for international students to connect by:

- Revamping the International Society to be more active and engaging
- Aiming to organise more events or outings
- Trying to ensure more support over holidays
- Creating an online community that encourages getting to know each other or finding fellow international students
